Missionary Spotlight
for March
Michael Rokenbrodt, Uganda

Seasonal Missionary working with Ambassador Institute in Uganda

A little about the Ambassador Institute, it is a biblical training program, Ambassador Institute has the goal of discipling churches in the knowledge of God's word. It is uniquely reproducible, giving students the confidence to teach others about the fundamental truths they have learned. This method of teaching has been extremely successful in the culture of Uganda. Teachers from Ambassador Institute go into any church that desires to receive the training. Thus, Michael has been in multiple churches in Uganda as a co-teacher. "Teaching with Ambassador Institute," Michael stated, "I get to continue to keep all the wonderful aspects of teaching that I love, all for the glory of God." Michael affirmed that the oral approaches to teaching from Ambassador Institute brings to life the reality of faith coming through hearing the Word of God. As of 2024, Michael has also become the National Director of the Ambassador Institute in Uganda. Michel also loves creating new ways for people to further understand the truths of God's Word. For example, he directed a biblical film project, *Here's Mud in Your Eye*, a retelling of Jesus' healing of the blind man. Michael continues to share his great love for storytelling through the formation of these film projects with friends in Jinja. Michel also loves creating new ways for people
