“Biblical Manhood”

By: Dr. Francis Monseth

Lesson: Part 1: The Recovery of Biblical Manhood

Biblical Manhood – Understanding the unique way in which we were created doesn't make us fully men. Getting married and having a family doesn't make us a man. Success in our businesses, achieving great wealth and power, receiving honor and praise by our peers—these are not the measure of real masculinity, biblical manhood. To be truly a man, biblically, we must commit ourselves with the will and the strength that only God can give us—to the pursuit of godliness. This is biblical manhood.

WMF MISSIONARY SPOTLIGHT

John & Hannah Lee Children: Bethany, Eliza, Ayda, Anastasia, John Jr., Jeffrey

AFLC Missionaries to Brazil

The Lees are excited to be a part of Christ's work in Brazil. "As we have lived here," John said, "we have witnessed a growing desire by Brazilians to plant more churches in other States." The seminary is a vital piece in establishing free and living congregations throughout the country. John is eager to train the students at the seminary, giving them a foundation in the Word of God to be leaders in their future parishes. Each course at SETELL strives to equip the future Free Lutheran churches across Brazil. When foundational truths are taught, it affirms to the congregations that it is grace alone through faith in Jesus Christ that they are saved and not a righteousness that is earned. At the seminary, John will be teaching courses such as Systematic Theology and Biblical Greek.

Seeing the need for more biblical teaching materials in Portuguese, John is also working towards translating recourses from English into Portuguese. This project, DRELL, is a lengthy one, but John is thrilled to share these materials with churches and individuals who need them.

The Lees' vision in their ministry also goes beyond SETELL, walking beside the laymen and women in congregations and encouraging them in their walk with Jesus Christ. The core of their ministry is discipleship, which by nature is a daily living Christ-like among others and has ripple effects in communities. Hannah stated, "The main goal is to equip believers to be able to teach others about the faith." This wonderful aspect of living life alongside believers strengthens families and churches in their community. In the future, the Lees hope that this partnership with Brazilians in their biblical training will lead to church plants founded by nationals across even more states in Brazil.
